Subject: Mechanical Engineering Department Reading Club activity 2018-19 report.

Respected Madam,

The Reading club activity of 2018-19 has been conducted; there were total eight groups in the department. The activity was worthy to have great outcomes picked from the books of the entire group.

All the Eight groups have presented and discussed their book findings and interesting facts in it. All faculties were present at the activity.

Few outcomes picked from the books are,

- Invest your money in Assets instead of liabilities.
- You don't need to be a genius, you just need to be yourself.
- To maintain positive attitude in any situation
- Repetition of success only possible when the body, soul and mind are aligned

Report of activity with group details and outcomes picked from the book is attached to this letter.

Thank you for your encouragement for conducting such activity.

With Regards.
