Date: 1<sup>st</sup> Mar, 2023.

To,

1. Head, Department of Mechanical Engineering, RIT
2. Head, Department of Automobile Engineering

Subject: Crash course on C and CPP for placement preparation.

Respected Sir/Mam,

In view of upcoming placement drives for Third year B Tech Mechanical students, we have organised crash course on Programing in C and CPP from Date. 23/02/2023 to 20/03/2023. Time for course will be 5.15 pm to 6.15 pm on Monday to Friday and 10 am to 1 pm on Saturday. This workshop will be useful to Third year students for Improvement in programming skills in C and CPP domain so, they can prepare themselves for placement drives in next year. Remuneration for the programme will be paid under combined budget of Lead college scheme and Department budget of Mechanical engineering and Automobile Engineering.

Total sanctioned budget for the course from Hon. Director is Rs. 20,000. From these budget Rs 12000 is sanctioned under Lead college scheme, Shivaji University, Kolhapur. Kindly sanction remaining fund of Rs 8000 from budget of Mechanical and Automobile Engineering.

Thanks & Regards,

*Patil*

Prof. A.K. Patil

Training and Placement Coordinator,  
Mechanical Engineering Department.

Permitted,  
Only 30 students from  
Auto. dept. 50; 30% share  
can be allotted on whole  
amount. *Patil*  
11/3/23

Permitted  
raising share  
% *Patil*

Permitted

### About the Institute

Kasegaon Education Society's Rajarambapu Institute of Technology (RIT) was established in 1983 with a mission to create techno excellent citizen through academic excellence. RIT is in green belt of Sangli District, Maharashtra State, India. The institute presently offers 7 UG, 12 PG and 3 doctoral programs in various engineering disciplines. Institute has continuous interaction with Industry through in plant training and live industry based projects. Institute is funded under World Bank Project named 'Technical Education Quality Improvement Program' (TEQIP II) with Rs. 4 crores for PG Programmes and Research driven by innovation.

### Salient Features

- An Autonomous Institute affiliated to Shivaji University, Kolhapur and implemented choice based curriculum structured (CBCS).
- The Institute was accredited by NAAC with 'A' Grade, IE INDIA, Kolkata and TCS.
- Selected in the first and second phase of TEQIP, MHRD, World Bank Project, New Delhi.
- Institute has active R&D Cell to promote research activities. Institute received research funds from various funding agencies like AICTE, RGSTC, PMYUVA/NIESBUD. Institute is recognized as host for Incubation center by MSME.
- Institute has "Pradhan Mantri Kaushal Vikas Yojana" to enable and mobilize a large number of Indian youth to take up skill training and become employable and earn their livelihood.
- Institute has been awarded as "Most Innovative Brand" in Maharashtra by Maharashtra Lokpriya Brand 2019 (Arthsanket).
- Institute has "Industry-Institute Interaction (III) cell for continuous interaction between academia and industry so as to provide a platform for both the students as well as faculty members to be aware of industry expectations of skill sets required for students.
- Institute has established RIT-TBI cell with vision to transform engineering campuses into ESDM Product Innovation Centers (EPIC) through Industry Partnerships.

## About the Department

The Department of Mechanical Engineering was established in the year 1987 with a view to become a center of excellence in the field of mechanical engineering. It currently offers one undergraduate programs (B. Tech.) and four postgraduate programs (M. Tech.). The department is well packed with highly motivated and dedicated faculties to impart quality education in parallel with research. Department also provides consultancy in different fields like machine design, test rig, vibration, experimental stress analysis, FEA etc. Consultancy services will be provided in the form of research, system design – development and testing. All eligible programs are accredited by NBA etc.

Strengths of Department:

- State of the art laboratories with advanced facilities for research in the field of CAD/CAM, Mechatronics and Control systems and Vibration and Noise Testing
- Recognized PhD center of Shivaji University, Kolhapur.
- Good placement in reputed national and multinational companies on coveted posts.
- Dedicated, competent and Experienced Faculty
- Well Designed faculty appraisal and Development system
- Open well Defined continuous assessment system for students.
- Self- Learning resources for personal development
- Well-equipped laboratories and computing facilities
- Collaborations with major industries such as Tata Motors, Bharat Forge, Apollo Tyres, etc for Placement & Industry based open electives in the curriculum.

## About Program

This Training is designed to improve the interpersonal communications, creativity. It also helps to align the personal goal with organizational goals. Further this is useful to overcome personal resistance to potential change.

## Objectives

As a result of this course, participants will:

- To improve the programming skills of students from Mechanical Engineering background
- Know about what to prepare to participate in software domain placement drives

## Program Content

- Programming Concepts: Iteration, recursion, procedural vs OOP.
- C Language: Call by value/reference, basic and derived data types
- storage classes, scope, and visibility, basics of pointers, basic header files.
- library functions, branching and looping, command line arguments, user-defined functions.
- Algorithms: Basic search algorithms and basic sort algorithms. (Tree traversal, dynamic programming, etc

## Students crash course on Programming in C and CPP under Lead College Scheme, Shivaji University, Kolhapur

Training and Placement Cell, Mechanical Department, RIT organized the program on C and CPP crash course from 22<sup>nd</sup> February, 2023 to 20<sup>th</sup> March, 2022 under Lead College Scheme, Shivaji University, Kolhapur. The course was completed under the guidance of faculty coordinator Prof, Dipali Ghadage, Assistant Professor, CSE Department, Prof. Ajinkya Patil, Training and Placement Coordinator, Mechanical Department. We have valuable support from Hon. Dr. Mrs. S.S. Kulkarni, Director, RIT, Dr. S.K. Patil, Dean Academic and Head of the Mechanical Department, Dr. A. P. Shah, Head Training and Placement, RIT.

Course was started from 22<sup>nd</sup> February, 2023 with one-hour lecture slot (Monday to Friday, 5.15PM to 6.15PM) and 3hrs practical sessions for each batch (Saturday, 10.30AM to 1.30PM & 2.30PM to 5.30PM). In this course, all basic and advanced concept of C programming, OOP's concepts of CPP and data structure concepts are covered in 40hrs sessions. All course material of lectures and practical's are uploaded on Moodle platform along with quiz and programming assignment. As main objective of this course is to prepare students for software based companies, so we have added separate sessions on resume preparation and interview techniques related to software companies. Total 67 students from mechanical department were registered for this course.

  
Mr. Ajinkya Patil  
Asst. Prof.

Dr. A. P. Shah.  
Associate Professor Mech. Dept.

## About the Department

The Department of Mechanical Engineering was established in the year 1987 with a view to become a center of excellence in the field of mechanical engineering. It currently offers one undergraduate program (B.Tech.) and four postgraduate programs (M.Tech.). The department is well stocked with highly motivated and dedicated faculty to impart quality education in parallel with research. Department also provides consultancy in different fields like machine design, test rig, tribology, experimental stress analysis, FEA etc. Consultancy services will be provided in the form of research, system design, development and testing. All eligible programs are accredited by ARA etc.

### Strengths of Department

- State of the art laboratories with advanced facilities for research in the field of CAD/CAM, Mechatronics and Control systems and Vibration and Noise Testing.
- Recognized R&D center of Shivaji University, Kolhapur.
- Good placement in reputed national and multinational companies as coveted posts.
- Dedicated, competent and Experienced faculty.
- Well Designed faculty appraisal and Development system.
- Open well Defined continuous assessment system for students.
- Self Learning resources for personal development.
- Well equipped laboratories and computing facilities.
- Collaborations with major industries such as Tata Motors, Bharat Forge, Apollo Tyres, etc. for Placement & Industry based open electives in the curriculum.

## About Program

The Plastic Trim and BIV by using catia course provides a solid background for the participants to apply Catia knowledge and methods for design, engineering applications in plastic industry. This course has been designed to focus on different fields of application like Automotive seating, interior design, dashboard design, exterior design problems.

- Understand use of catia for Different Industry applications
- compare current CATIA software. Simplify Industry problems and solve them exactly. Define and solve problem properly within Plastic Industry context, performing solid modeling
- using Plastic trim and BIV package students can attempt tool test for companies from same domain with ease

## Program Content

- Door Arm Rest
- Upper map Pocket
- Lower Map Pocket
- Lower Substrate
- Fixtures like Dog house

| Workshop Information            |   |
| Workshop Title                  | " Plastic Trim and BIW by using catia."   |
| Duration                        | 02 days   |
| Proposed Date                   | 26/11/2022 to 27/11/2022  |
| Workshop Objective              | To provide training to UG students CATIA modeling in Plastic and Automotive industry.   |
| Workshop Description            | CATIA skills are high in demand in today's job market. CATIA in Plastic trim and BIW training therefore enables you to expand your expertise to stand out in such a competitive job market. This 02 Days training will give students the actual insights of the CATIA software in which used in Automotive sector in plastic trim and BIW. This training not only useful for student's project work also will be useful for placement preparation where they have to face Tool test. Along with demonstration on software tool hands on session will be provided which allow students to get good practice on software tool. So, after completion of this workshop students will be able to utilize tools and techniques for designing and developing projects. |
| Target Participants             | 45  |
| Plan to encourage participation | Meeting with HoDs of different colleges, email, publicity on website and telephonic calls.  |
| Registration fee                | Remuneration of trainer will be given by fund under SPDP Scheme   |
| Resources / Equipment           | Computer Lab and LCD projector  |
| Workshop Plan                   | Attached herewith   |

Date: 23/11/2022

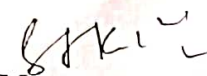

Place – Islampur

  
**A.K. Patil**  
Coordinator

  
**Dr. A.P. Shah**  
Head, T & P, RIT

  
**Dr. S. K. Patil**  
HOD, Mech. and Dean academics

  
**Dr. Mrs. S. S. Kulkarni**  
Director

**Crash Course Title:** Plastic Trim and BIW by using catia

**Target Participants:** Final Year B.Tech Mechanical Engg..

**Course Objective:** For Improvement in software skills which can be useful in design domain.

**Instructor Name:** Mr.Sachin Mande ,Sr.Manager Plastic Omnium Ltd Pune.

**Location:** Mechanical Computer lab

**Remuneration** – Rs 12, 0000. And travelling allowances from Pune

### Content

- 1 steps and procedures followed while developing the Door Trim Panel of a car using CATIA V5.
- 2 Using the CLASS-A surface and master sections as input, we were able to create a Tooling axis, CLASS-B surface, CLASS-C surface
- 3 To check the manufacturability of the parts, a Draft Analysis has also been performed using the main/side tooling axis on various components such as
  - Door Arm Rest
  - Upper map Pocket
  - Lower Map Pocket
  - Lower Substrate
  - Fixtures like Dog house.

*Two days workshop*  
on  
**"Plastic Trim and BIW by using catia "**

Organised under  
RIT-Center of Teaching and learning  
(RIT-CTL)  
by  
Department of mechanical Engineering

### **About program**

The Plastic Trim and BIW by using catia course provides a solid background for the participants to apply Catia knowledge and methods for design, engineering applications in plastic industry. This course has been designed to focus on different fields of application like Automotive seating , interior design , dashboard design, exterior design problems. The Plastic Trim and BIW by using catia course is planned with 4 modules and few industry specific problems to expose the participants on real time solutions. This exposure provides an opportunity for the participants to deepen their knowledge.

### **Content of Workshop**

- 1 steps and procedures followed while developing the Door Trim Panel of a car using CATIA V5.
- 2 Using the CLASS-A surface and master sections as input, we were able to create a Tooling axis, CLASS-B surface, CLASS-C surface
- 3 To check the manufacturability of the parts, a Draft Analysis has also been performed using the main/side tooling axis on various components such as
  - Door Arm Rest
  - Upper map Pocket
  - Lower Map Pocket
  - Lower Substrate
  - Fixtures like Dog house.

## Expected outcomes

On successful completion of the course, students will be able to:

- Understand use of catia for Different Industry applications.
- compare current CATIA software. Simplify Industry problems and solve them exactly  
Define and solve problem properly within Plastic Industry context, performing solid modeling
- using Plastic trim and BIW package students can attempt tool test for companies from same domain with ease
- Students can use knowledge for any plastic design industry to solve critical problems
- results. Compare with available data, and discuss the findings

**Workshop Date:** 26/11/2022 to 27/11/2022 (Two days)

**Fee Structure :** No resitraion fees for students as remuneration of expert is from SPDP scheme fund

**Subject:** Permission to conduct two-Days workshop under RIT CTL for T Y B. Tech. Mechanical students

Dear Sir,

We are planning to organize two days' workshop on **"PYTHON for Mechanical Engineers: First step towards ML"** by Department of Mechanical Engineering on 13<sup>th</sup> and 14<sup>th</sup> January 2023 under RIT CTL. The content of this workshop is basics of Python and its libraries to solutions of mechanical problems, visualization tools, data extraction tools etc. This workshop is also useful to Mechatronics and Automobile students.

The poster /brochure is attached herewith for information. The registration fee is Rs 300/-. Hence, please give permission to conduct this workshop

Thanking You.

With warm regards

Prof. P C Chavan  
Coordinator

# **PYTHON for Mechanical Engineers: First step towards ML**

**13th - 14th January 2023**

## **About the program**

In this Two-Day workshop on "Python for Mechanical engineer: First step towards ML", the topics to be covered are introduction to Python, various data types, conditional statements, functions, Python OOPs, Python libraries, Mechanical problem using python, Data extraction, and Visualization techniques. The takeaways from this workshop will add immense value to the knowledge base for each of the participants. This workshop will be based on hands-on approach. All the students can participate.

## **REGISTRATION DETAILS**

- **Last date to apply 12 Jan 2023**
- **Registration Fee: INR 300**

**Organized Under  
Center for Teaching & Learning (CTL)  
by  
Department of Mechanical Engineering,  
K.E. Society's  
Rajarambapu Institute of Technology,  
(An Autonomous Institute)  
Rajaramnagar, Sakharale, Tal. - Walwa  
Dist. Sangli - 415 414 (Maharashtra) India  
Phone: (02342) 220329, Fax: 220989**

### **PATRON**

Dr. Mrs. S. S. Kulkarni  
Director, RIT

### **CONVENOR**

Dr. S. K. Patil  
Dean Academics & HOD

### **COORDINATOR**

P. C Chavan

**ORGANIZING COMMITTEE**  
Department of  
Mechanical Engineering

## Objectives of the Workshop

- To gain hands-on exposure on Python
- To create awareness on Python fundamentals.
- To provide instructor-led hands-on mechanical project.
- To provide hands-on experience over Data Analytics using Python.
- To acquaint the participants with Data Visualization skills.

## Expected Outcomes

- The participants are expected to get a fair amount of fundamental knowledge on Python Programming.
- The participants will be able to understand data handling, analysis and implementation using Python built-in Libraries.

### 1. Pay registration Fees ( INR 300) using following mode

#### A. BANK DETAILS:

- **Account Holder Name:** K.E. Society's Rajarambapu Institute of Technology, Rajaramnagar (UG)
- **Account No:** 0116104000144698
- **Bank Name:** IDBI Bank
- **IFSC Code:** IBKL00001116

OR

### 2. Fill Registration Form where you upload successful payment proof (PDF or Image)

**Registration Link:** <https://forms.gle/gBJvzwWqS53keVfk7>

### TOPICS TO BE COVERED

- Introduction to Python for Mechanical Engineer
- Python OOPs, Modules
- Python Libraries: NumPy, Pandas for data handling
- Python for Visualization
- Web Scraping with Python, Performing OCR on an image with tesseract
- Applications of Python in Mechanical Project

## About the Institution

Rajarambapu Institute of Technology, Rajaramnagar (formerly known as College of Engineering, Sakharale) was started in 1983. Located near Islampur, 7 kms away from Peth Naka off Pune -Bangalore highway, RIT has a green beautiful campus of 17 hectares and buildings on it measuring 54,000 sq.m. RIT has emerged as a leading technological Institute in Western Maharashtra through its dedicated and disciplined approach to provide quality technical education over a period of more than thirty-seven years.

### ACHIEVEMENTS:

- Accredited by NAAC with 'A+' Grade
- Accredited by IE INDIA, KOLKATA.
- Accredited by TCS.
- All UG courses are accredited by NBA.
- Recognized Research Center (Ph.D.) of Shivaji University, Kolhapur
- RIT is selected as Head of the 21 Lead Colleges under Shivaji University, Kolhapur.
- Rank band 201-250 in NIRF, Ministry of Human Resources, Govt. of India in 2020.
- Awarded CII-Platinum Category in 2019,
- AICTE-I & II Funded Institute and All courses are NBA accredited and AICTE.
- Awarded as the Best Autonomous Institute
- Most Innovative Brand in Maharashtra by Maharashtra Lokpriya Brand 2019 (Arthsanket)

## About the Department

The Department of Mechanical Engineering is one of the oldest and biggest departments of the institute. Department was established in 1983 with an intake capacity of 60 which is now increased to 200+ including undergraduate and postgraduate programs. While managing this increased strength which is an urgent need of the industry, the department is committed to the well-being and all-round development of its students. At present, the department offers two undergraduate programs and three postgraduate programs. In addition to this, the department is also a center of research at Shivaji University, Kolhapur to carry out doctoral research in mechanical engineering. The prime motto of all the programs is to provide globally competent technical manpower to industry, academia, and research institutes for the upliftment of social life. Most of the students of the department end up taking leading positions in industry, academia, research institutes, and the government sector. The department is well-packed with highly motivated and dedicated faculties to impart quality education in parallel with research. The research culture in the department has produced significant numbers of research publications and patents. The department has very good interaction with the industry. Department also provides consultancy in various thrust areas like machine design, test rig, vibration, experimental stress analysis, FEA, etc. All eligible programs are accredited by NBA.

### Workshop Report

A two days' workshop on 'PYTHON for Mechanical Engineers: First step towards ML' under RIT CTL is organized by Mechanical Engineering Department during on 13<sup>th</sup> & 14<sup>th</sup> January 2023. The program was conducted for third year UG students. There was very good response for the registration to the program. Total 64 students' participants have registered for the program. There were 06 sessions each of 02 hours duration every day from 10.10 am to 5.10 pm.

The workshop was inaugurated by Dr. Sachin K. Patil (Dean Academics and HOD), Prof. P C Chavan (Coordinator), faculty of mechanical engineering department and participants. All the sessions delivered by Prof. P C Chavan in this two days' workshop are summarized as below.

Session I: Basics of python, Functions etc.

Session II: Modules, packages and Object-oriented programming concepts

Session III: Python libraries like NumPy and pandas

Session IV: Visualization tools like matplotlib, Seaborn etc.

Session V: Web scrapping, OCR, Image extraction etc.

Session VI: Computer vision

We have collected feedback of all the sessions. At the end of workshop coordinator proposed vote of thanks.
